

Donegal Loss Control Specialists: Providing Value to Your Business

Donegal's Loss Control Department offers a wide range of resources and services to help you control your risks. Our staff will consult with you to help you manage your property, liability, fleet, and workplace safety risks. We can help you analyze your historical loss data, pinpoint frequency and severity trends, and develop reasonable solutions for the best results. We can assist you with best practice solutions and strategies to help control exposures.

About Us

Donegal Insurance Group is a family of property and casualty insurance companies that offer personal and commercial insurance throughout multiple regions of the United States. Rated A (Excellent) by A.M. Best Company, we market our insurance products through a network of independent insurance agencies.

At Donegal, we focus on providing outstanding service to our agents and customers. We know that "ease of doing business" has become increasingly important in today's commercial climate.

Why Donegal®?

Dedicated Experts

We are passionate safety professionals who embrace our service-driven culture and focus on delivering exceptional value to our clients.

Tailored Strategies for Your Success

We understand your challenges and work with you to implement the right plan of action designed to meet your goals.

On-Demand Training

We can help support and enhance your safety efforts through On-Demand Loss Control training.

Donegal Loss Control Consultants

- More than a dozen Loss Control Consultants on staff and strategically located throughout the Donegal underwriting regions.
- Consultants hold Safety & Health Degrees as well as Safety & Risk Management Professional Designation, such as Associate in Risk Management (ARM) or Certified Safety Professional (CSP).
- Knowledgeable in a variety of industries and coverage lines.
- Active in safety and risk management organizations and current with industry best practices.

Delivering Exceptional Value

- We offer a variety of resources and services to help you manage your risks.
- We consult with you to enhance or develop strategies to help manage property and liability exposures, fleet operations, and workplace safety risks.
- We conduct in-depth risk management assessments, analyses of primary and potential loss drivers and join action plans to reduce the risk of loss.
- We keep you informed with "stewardship reports" that document safety activities performed and results achieved.

Loss Control Resources

Donegal Insurance Group offers a number of value-added loss control resources. Among them:

Resource Guides: Our Loss Control Resource Guides offer practical, easy-to-understand information on loss specific exposures and control situations. Many of these guides have sample forms to assist you in developing your own programs. Guides are developed on exposures related to Property, General Liability, Fleet Safety and Worker Safety.

On Demand Loss Control Services: Donegal has partnered with UL EHS Sustainability to provide clients with an online training resource, called Pure Safety, with hundreds of safety, health and management programs that can be taken 24/7 from any internet connected computer. Policyholders receive deep discounts on training programs available with a Donegal Promotional Code.

Flexible: To meet your needs and accommodate your schedule, our consultation can be provided by phone or email if desired.

Effective: Our staff is experienced in working with all types of industries. We utilize resources available to us from OSHA, NFPA, NIOSH, Safety National, and more to customize a plan for your designed to reduce your overall costs of insurance through safety.

Whether your industry is manufacturing, distribution, retail, construction, food service, or other industry group, we can provide the key services needed to maintain your risk management needs.

Our goal is to exceed your service expectations!
